VIM

VIM POWER WITH NIMBOO SHAKTI

Vi Improved

Vim is one of the most popular and powerful editors in the Unix world.

What is .vimrc?

The .vimrc file contains optional runtime configuration settings to initialize Vim when it starts.

Magic!

Spell checking
and Correction in VIM

Spellchecking

- :setlocal spell spelllang=en_us
- use "]s" to next incorrect word and "[s" to previous word.

Correcting Spellings in vim

use
- z=

A list of suggestions will appear.

Any Question?..
